

Our Mission

ExpenseWatch.com is focused on establishing itself as the clear leader in expense control solutions for small and mid-sized businesses by delivering products & services that automate manual, time consuming paper-based processes while enabling visibility and control of all company spending.

Product Overview

If you run a business, you have expenses. With ExpenseWatch.com, you have the power to control them.

Best of breed modules for Expense Reports, Purchasing and AP Invoice Management can be subscribed to individually to control a specific spending area in your company or as a comprehensive, fully-integrated suite. Company spending processes are automated with policies and controls applied across the your entire organization.

Annual subscriptions include implementation, training for all users, support and usage analysis. Our open expense control platform gives you the flexibility to integrate your expense management data with a wide range of business applications.

Company Overview

ExpenseWatch.com was founded in 2000, and released the first version of its expense control service in 2003. The company is run by an experienced management team with a Board of Directors that offers exceptional complimentary skills. With headquarters in Conshohocken, Pa., the company is privately held. Representative of the

growing market acceptance of on-demand solutions by small and mid-sized companies, and ExpenseWatch.com's ability to align to that demand, existing investor, Bezos Expeditions, the personal investment company of Jeff Bezos, completed a private equity buyout of the company in March 2007.
